

Soft Release Tool (SRT-350)

Description:

The Smart Release Tool (**SRT-350**) controls releasing a downhole tool without the use of explosives or jarring on Slickline

Safeties:

- Safety in firmware
 - ◇ Time
 - ◇ Temperature
 - ◇ Motion Detection

Advantages

- ◆ **NO EXPLOSIVES NECESSARY**
- ◆ **No Radio Silence**
- ◆ No Computer Programming Necessary
- ◆ Audible indication of Tool Operation
- ◆ More control of Soft Release Operation
- ◆ **The Safest Tool for Soft Release of your Downhole Tools**

Operating Temperature	32° F to 320°F (0°C to 160°C)
Diameter	1.38" (3.5 cm)
Length	57" (1.5 m)
Weight	16 lbs. (7.26 Kg)
Maximum Pressure	15,000 psi (103,000 kPa)
Accuracy	Temperature $\pm 3^{\circ}$ F Time $\pm .05\%$
Power	18.4v (5 'C' cell Lithium)
