

Drilling Carrier DC-3675

The DC-3675 Drilling Carrier is designed with three (3) mounting slots to carry various Smart Memory Pressure Gauges. Gauges can be configured to measure inside or outside pressure. Gauge cover plates provide protection from the wellbore.

Gauge Porting	
Slot 1	MQ-1260 — Inside or Outside Pressure HS-1250 — Outside Pressure Only
Slot 2	MQ-1260 — Inside or Outside Pressure HS-1250 — Outside Pressure Only
Slot 3	HT-1250 — Qty 2 - Outside Pressure

Outside Diameter	6.75" (17.14 cm)
Inside Diameter	2.0" (5.08 cm) [On Center]
Overall Length	72" (182.88 cm)
Make-up Length	68.1" (172.97 cm)
Material	P-530
Threads	4.5" IF (pin x box)
Number of Gauges	Up to 4 gauges
Tensile Strength	1,500,000 lbs.
