

Smart Dump Bailer (SDB-400)

The **Smart Dump Bailer** controls the release of cement, acid, plastic or other material in the wellbore without the use of explosives. The **SDB-400** is the “**SMART**” and safe way to release cement to plug a wellbore by using innovative technology. **Time**, **Temperature**, and **Motion** Parameter windows must be satisfied before the material is released by opening a flow through port.

Benefits

- ◆ **NO EXPLOSIVES NECESSARY**
- ◆ High Temperature Rating
- ◆ More runs in a shorter time period
- ◆ Ability to cross over to multiple sizes of bailer barrels
- ◆ Audible signal to indicate tool operation and status
- ◆ Three (3) Safeties

Operating Temperature	32°F to 320°F (0°C to 160°C) *
Largest Diameter	2.00" (5.08 cm)
Length	60.8" (1.54 m)
Weight	18 lbs. (8.2Kg)
Maximum Pressure	15,000 psi (103,000 kPa)
Accuracy	Time ± .05%
Power	18.0v (5 'C' cell Lithium)
* 350°F Option available
